

M.TECH. (AI)

Two-year Degree Programme in Artificial Intelligence
at the Indian Institute of Science (IISc), Bengaluru offered by
the Division of Electrical, Electronics, and Computer Sciences (EECS)

PROGRAMME STRUCTURE

This is a joint degree programme
offered by the four departments
of the Division of Electrical,
Electronics and Computer
Sciences (EECS).

HIGHLIGHTS

1. Training in foundations and tools, algorithms and techniques, computational platforms and transformative applications.
2. Curriculum tailored to bring students to the forefront of AI research and development.
3. One year project to make students the creators of futuristic applications of AI.
4. Develop soft skills of students.
5. Opportunities for industry internship on cutting-edge applications.

ELIGIBILITY:

Indian and Overseas Citizen of India applicants:

- a. Bachelor's degree in Engineering/Technology/ 4-year Bachelor of Science.
- b. Valid GATE score in CS, EC, or EE.
- c. Strong mathematical and programming background.

ELIGIBILITY

International applicants:

- a. Bachelor's degree in Engineering/Technology/ 4-year Bachelor of Science.
- b. At least one valid standard test (GRE / GRE Subject / GATE) score.
- c. Strong mathematical and programming background.

ADMISSION:

Candidates shortlisted based on GATE score will be called for an in-person interview. Final selection will be based on GATE and interview performance.

ADMISSION (INTERNATIONAL)

Candidates shortlisted based on standard test score and eligibility degree's marks/ CGPA will be interviewed (via Skype or in person). Final selection will be based on performances in standard test, eligibility degree, and interview.
